

DON'T FORGET TO CONSUME OUR OTHER PAMPHLETS:

LIVING IN
APARTMENT 2

CHARITABLE PRODUCT TRANSACTIONS

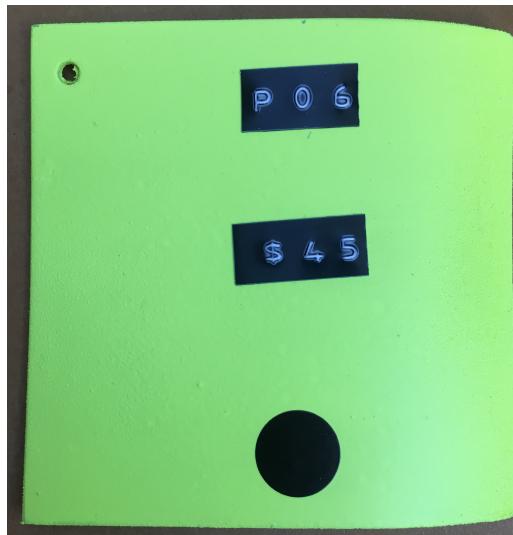

*from the Institute for
Recurrent Progress*

Charitable Product Transactions

The Institute for Recurring Progress has established Apartment 2 as a superlative location for Charitable Product Transactions (CPTs).

Through keen observation, you will note that a small collection of items have attached to them the following designator:

These items are available for guests to remove from Apartment 2 via CPT.

CPTs should be executed as follows:

> IF the designator contains a **single black dot**, you may take the attached item into the folds of your heart and away from Apartment 2; you should then leave the designator beneath the belly of the **Bare Bull and Babe**; [REDACTED] (pictured below) will add the listed value of the item to your Apartment 2 bill automatically

> ELSE IF the designator contains **two black dots**, you should contact [REDACTED] (pictured above) immediately and he will arrange for you a liaison with an Institute actuary to finalize your CPT

Note that your participation in the CPT program will vastly improve the Institute's ability to offer its vision to other guests of Apartment 2 as well as yourself in your own future time.

Our recent studies indicate that 93% of Institute member felt a superior sense of wellbeing pass over them a like wave of pure radiation after consummating a CPT.

Should you require more of any particular item than Apartment 2 provides, please alert [REDACTED]
[REDACTED] (pictured to the left) and he will alert the Institute.

Don't delay, only you can prevent your own disappointment and endless shame.
